

## Work Experience

### Infosys Limited

Senior Associate Consultant (*Helix*)

Bengaluru, India

August 2024 – Present

- Architected and developed **8 microservices** exposing around **60 endpoints** using **Spring Boot** and **JPA (Hibernate)** across **Infosys Helix**, a multi-tenant US healthcare platform, delivering **Member Portal**, **Producer Portal**, and **Group IVR** for a large US healthcare client.
- Owned **Low-Level Design (LLD)** of both existing and new modules end-to-end — defining entity models, API contracts, and service interactions — while contributing to **High-Level Design (HLD)** reviews; authored **unit tests** using **JUnit** and **Mockito** to ensure correctness and maintainability.
- Designed high-throughput bidirectional data pipelines between **SFTP** and **Azure** using **Spring Scheduler**, processing **~10K EDI 834** files daily with robust error handling and reliability.
- Orchestrated containerized deployments using **Docker** and **Kubernetes**, implementing **Helm**-based release management and leveraging ConfigMaps and Secrets for secure multi-environment deployments.
- Mentored **SDE-I engineers**, providing technical direction on **LLD**, **OOP design patterns**, and Clean Code principles — conducting code reviews and guiding the team toward readable, testable, and maintainable implementations.
- Triaged and resolved production system issues by analyzing root causes across service, network, and infrastructure layers, tracking defects to closure and minimizing operational impact.

### FIS Solutions (India) Private Limited

Software Engineer (*Global Plus – Wealth Management*)

Bengaluru, India

July 2021 – Jan 2024

- Enhanced inbound and outbound **SWIFT** message processing for Standards Update 2023 using **Java**, **Spring**, and **OOP design patterns**, ensuring compliance and reliability for distributed financial operations across multiple global banking clients.
- Debugged and resolved complex defects in **C** and **FORTRAN** within a **UNIX** environment for a large-scale Wealth Management platform, analyzing issues at the system and network layers to restore service quality.
- Designed and implemented a dual push mechanism to export files between **Windows Server**-hosted **.NET** applications via **XML**, improving cross-server data transfer reliability.

### Accenture Solutions Pvt Ltd

Application Development Associate (*OSISoft PI*)

Bengaluru, India

November 2020 – April 2021

- Completed training in **C**, **Java**, **Python**, **SDLC**, **Agile**, and **DevOps**, building a strong foundation across full-stack development and modern engineering practices.
- Provided application support for real-time manufacturing data collection using **OSISoft PI Data Historian** for a pharmaceutical client, ensuring data integrity and system continuity.

### Datalore Labs Private Limited

Machine Learning Intern

Bengaluru, India

July 2019 – August 2019

- Predicted the probability of Parkinson's disease from audio feature samples using multiple ML models, including KNN, Logistic Regression, Decision Tree, and Random Forest.
- Improved prediction accuracy from **89.79%** to **99.04%** by tuning a Decision Tree classifier.

## Skills

**Languages:** Java, Python, C, C++, FORTRAN

**Tools / Services:** Git, Docker, Kubernetes, Azure, Helm, SFTP, EDI, XML, .NET, CI/CD

**Libraries / Frameworks:** Spring / Spring Boot, JPA (Hibernate), JUnit, Mockito

**Databases:** SQL (MySQL, PostgreSQL), NoSQL

**Concepts:** OOP Design, Low-Level Design (LLD), High-Level Design (HLD), Distributed Systems, Large-Scale System Design, Microservices, REST APIs, Data Structures & Algorithms, Unit Testing

**AI / Developer Tools:** GitHub Copilot, Claude Code

## Education

Dayananda Sagar Academy of Technology & Management (DSATM)

Bengaluru, India

B.E., Information Science & Engineering | CGPA: 7.51/10

2016 – 2020

## Honors & Achievements

**2025** At Infosys Ltd., received a certificate for exceptional dedication, outstanding contributions, and exemplary performance.

**2022** At FIS Solutions (India) Pvt. Ltd., received a Kudos award for singlehandedly delivering the IV Gen3 server migration.
